MADE IN JAPAN

SUPER TOUGH NYLON MONOFILAMENT:-

SMOOTH & LOW MEMORY TREATMENT
 ABRASION RESISTANCE & UV BLOCKING
 ULTRA STRONG "MIJ NYLON"

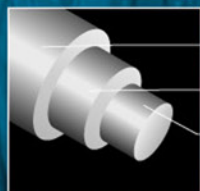

This **TOUGHEST** nylon line is not only **STRONG** enough but offers tremendously **HIGH KNOT STRENGTH**. It greatly enhances **SLIDE** and **REPELLENCY**, and proprietary processing technology keeps any **UNDERWATER STRENGTH** loss to a minimum.

- Spinning
- Casting
- Hard Lure
- Spinning Bait
- Soft Lure

Available size: From 0.10mm to 0.52mm Color : Clear

"QUATTRO-S" MONOFILAMENT

- SOFTNESS**
- SMOOTH**
- STRONG**
- STRETCH**

SUPER SOFT & SMOOTH RESIN TREATMENT
 ABRASION RESISTANCE & UV BLOCKING
 ULTRA STRONG "MIJ NYLON"

Innovative "Quattro-S Monofilament" provides Superior Flexibility and High-knot Strength.

Special developed coating gives "STRONG" MIJ Nylon moderate "STRETCH", "SOFT" feeling, and excellent knot strength.

Surface treatment brings "SMOOTH" casting and Stable Handling.

Hi-Max Super Soft has the best flexibility of All Hi-Max series. It fits Spinning & Bait reels, and Decreases Trouble with line.

- High-Knot Strength
- Easy Control
- Flexible
- Easy Casting

Available size: From 0.12mm to 0.52mm Color : Silver

For all carp anglers

Camouflage Color

This camouflage-color is capable of blending in water so that the line completely disappears at the bottom of water. It removes the wariness of carp, and carp rush to the bait.

Low Memory Line

Special resin treatment minimizes the line memory and the line fits reel properly. Smooth treatment realizes Non-Stress casting.

Hi-Sensitivity

Low initial elongation brings you catch even small bites. It guides you big fighting to success.

Hi-Strength Monofilament

Top quality Momoi's "MIJ" Nylon with well balanced Softness & Hi-Strength characters enable tough fighting against monsters.

Available size: From 0.20mm to 0.37mm Color : Dark Brown

Hi-MAX Carp

FOR ALL CARP ANGLERS
